

VARIANCE / FIELD CHANGE NOTICE

V/F No. 7

4339

WBS NO.: 2505-WP-0022

Page 1 of 1

PROJECT TITLE: Integrated Environmental Monitoring Plan, Rev. 2.

Date: 6/19/02

VARIANCE / FIELD CHANGE NOTICE (Include justification):

Requirement: The quality control sampling for Radiological Air Particulate Samples requires one blank sample to be submitted for analysis with each batch of biweekly thorium filters from AMS-2 through AMS-29 and WPTH-2 for thorium analyses (Chapter 6.5.2.2).

Variance: Instead of one blank sample, two blank samples will be submitted for analysis with each batch of biweekly filters from AMS-2 through AMS-29 and WPTH-2 for thorium analysis.

Justification: With the closure of the on-site laboratory, additional samples will be required to go to the off-site lab. This situation will create an additional release, necessitating an additional blank.
